Re: Proposed Coumnagappul Wind Farm in the townlands of Coumnagappul, Carrigbrack, Knockavannia mountain, Barricreemountain Upper and Glennaneane mountain, Skeehans, Lagg in Co. Waterford

Dear Resident,

As communicated via previous project correspondence, webinars and in-person project events, We, EMPOWER, are actively exploring the potential for a wind farm development opportunity in the Coumnagappul area of Co. Waterford.

The proposed Coumnagappul project's Study Area is located approximately 16km northwest of Dungarvan. You will find more information on this proposed project, and on EMPOWER, at www.coumnagappulwindfarm.ie. Alternatively, please visit the projects dedicated online Community Consultation Exhibition available at www.innovision.ie/Coumnagappul to interact with much more project design information including project layout maps, and visual representations of the design stages for the proposed project.

The proposed project is now at a stage where all the environmental assessment survey data has been collated and compiled into the final Environmental Impact Assessment Report. The collation of all this information has informed the final proposed project layout. The enclosed Newsletter sets out an overview of the final project proposal as it is being prepared to be submitted to the consenting authority.

We commit to continuing to distribute relevant project information as the design proposal approaches a Q4 2023 project planning submission to the consenting authority. We hope that these project updates set out relevant information on the design process undertaken and follows up adequately on some of the conversations and queries we have had to date with interested stakeholders and community members.

We will continue to make every effort to ensure that we provide you with all the information you need to fully understand the details of this proposed project as it progresses, and we would welcome the opportunity to discuss any aspect of the proposed Coumnagappul project with you.

Please do contact the Project Team, using any of the contact details below, if there are any areas of the proposed project you wish to discuss further.

Thank you very much for taking the time to read this correspondence.

A handwritten signature in blue ink, appearing to read "Diarmuid Twomey".

Yours Sincerely

Diarmuid Twomey,
EMPOWER Managing Director
